5. Chairman's Report:

To start with I would like to send all our condolences to Cllr Boughton and his family for the death of his son George. Our thoughts are with them all.

Two weeks ago, I attended a webinar concerning the end of year audits. It was very interesting and helpful.

Signed.....Date.....

On 8th March Cllr Payne and myself attended a Planning Workshop by CPRE. Again, we found it to be interesting and useful. Sadly, CPRE are in need of funds to continue their sterling work. Therefore, although as a parish council we are members, it would be helpful if individual members joined.

I received an email to let me know, the abandoned grey Honda in the Square has been reported to Torridge and to the DVLA as the road tax has now expired. I did reply to thank him and let him know that I had reported it last month to the police in case it was stolen.

I have reported lamp post No 5 opposite St John's Drive as the light is on all day.

Barry Radford has confirmed that things are moving forward regarding the school building work and the fence will be coming down.

Parish Council letters in response to 1/1242 and 1/1215 were sent to TDC within the timescale agreed but for some reason were not seen by TDC, they have now been uploaded to the TDC website but were not seen before a decision was made on 1/1242. I have spoken to TDC and they confirmed that they had received the emails with these letters.

I spoke to DCC Highways regarding potholes, the Parish Council are not able to do anything about reporting potholes any more than an individual person. They asked if before reporting a pothole the website is checked and if the pothole has already been reported there is no need to report it again. They were aware of the road problems to Dinworthy, whilst on the phone I personally reported the road past the Moor and the road from Mill Farm to Stowford Cross. The potholes need to be a certain criteria please check their website for details.

Late planning information received since the agenda issued:

Appeal 1/0813/2023/Ful Enlargement and conversion of agriculture structure to Holiday let at Dowland.

7. District Councillors Report

Cllr Harding reported he had attended a number of meetings – Devolution meeting not a lot to be done but might bring more money down to SW. External scrutiny discussed the changes to the library building in Bideford. Lendology only in SW to help home owners who don't get any help elsewhere – heating etc. There are a lot of grants around

8. County Councillors Report

Cllr Morrish discussed potholes – priority has been given to A and B roads by the Council. Leader and Chief Executive met a number of businesses on Holsworthy Industrial Estate, went to Shebbear to look at the river and how it is effecting land and the road. They drove around the areas seeing the problems with the roads £6.3million given by the Government recently. Part of the problem is the roads not built for the traffic. There are 2 teams out re Devolution – bringing money and a bit of power to County Hall Plymouth were originally part of the deal but they have decided to go on their own.7 communications 1 on ambulance availability and 1 on domestic violence.

Budget 4.99 County Council. £61 million ring fenced for adult and children services £31 million unreserved

Cllr Andrews entered the meeting 19.33

Deer Park – told 3 weeks ago about the problems County Council has a responsibility for patients and staff company now in receivership 14 patients left.
